Association of Condominium Managers (ACMO)

This program has been developed specifically for both individuals who are new and who are currently working in the condominium field. Condominium management is a growth industry throughout the province. Participants will learn how to deal with people, buildings and record-keeping. A combination of theory and practical problems are incorporated into all courses providing opportunities for participants to develop their knowledge, skills and abilities in managing effective condominiums.

In cooperation with ACMO, Mohawk College will offer the following Association of Condominium Manager Program courses in a Distance Education (Internet) format.

- Introduction to Condominium Law (CDM01)
- Physical Building Management (CDM02)
- Financial Planning for Condominium Managers (CDM03)
- Condominium Administration and Human Relations (CDM04)

Participants require access to the Internet. All specific software and course materials are provided.

This program is a valuable education step in the process of obtaining the Registered Condominium Management (R.C.M.) designation.

Registration for Spring courses starting in April begins March 9th 2010.
